

Poetry in Place

Poetry in Place is a collaboration between Te Toka Tumai and the University of Auckland, sponsored by the Auckland Hospitals Research and Endowment Fund (AHREF).

This installation of 24 poems will be on display across Auckland City Hospital, Starship, and Greenlane Clinical Centre and is an exciting opportunity to showcase some of Aotearoa's best poets, while providing a moment for patients, whānau and staff to pause, reflect and engage with creativity. This moment of positive distraction is an occasion to sit in the wairua in a way we don't often get to here, celebrating the intersection of creativity and healing.

The poems have been curated to consider elements of the human experience in a hospital context, giving a language to the breadth of life, joy, pain, resilience and everydayness experienced here.

Thank you to the poets for the beauty brought through their words.
